

Mission Statement

Gwent
Energy
C. I. C.

Our mission is help individuals and communities benefit from renewable's

36,000 people benefit from our systems
collectively saving about **£43,000 a year**

Congestion causes more pollution

fossil fuels produces

Noise Particulates NO_x CO₂

1 Nitrous Oxides are Carcinogenic

2 Particulates IQ in children

3 many health problems

Dementia Asthma Heart problems

CO₂ increases global warming

Toxic air leads to the premature deaths of at least 40,000 people a year in the UK - 9,000 in London - and results in hundreds of thousands more suffering serious long-term health problems.

▲ Ella Kissi-Debrah died six years ago from an asthma attack. Medical experts have linked her death to spikes in air pollution. Photograph: Family photo

Hydrogen vehicles

Less noise pollution

NO nitrous oxides at the tailpipe

Making hydrogen
Uses natural gas

Longer range than
most electric cars

Not many hydrogen
fuelling stations

Electric vehicles

Less noise pollution

NO nitrous oxides at the tailpipe

80% reduction in CO₂ if using mains

Much cheaper to run Available NOW

Up to **168** miles**

Up to **239** miles**
